Instructions For Square Configuration Of Wall Mount Ladder Racks

Parts List

A) 4 Wall Mount Ladder Racks in 4 Separate Boxes.
B) 8 Cross Bar Tubes

Assembly Instructions

1) Open Up each of the Ladder Racks and set aside the 4 Wall Mount legs. Do not install them (save them for later, just in case you will want to wall mount the ladder racks). Keep the screw bolts as you will need them to attach the cross bars later in the assembly.

2) Align two of the racks across each other and attach cross bars to the ladder racks. Two on top and two on the bottom. (Diagram A - cross bars are in red)

3) Align the other two ladder racks on the other two sides against each other and attach cross bars to them as well. Two on top and two on the bottom. (Diagram B – cross bars are in red)

When assembly is done, there will be four cross bars on top and four on the bottom.

Your assembly is now finished and you can add your rugs to the ladder.
